

Summer Reading Assignment

There is a strong correlation between reading regularly for pleasure (any reading) and academic success, including building vocabulary, an understanding of sentence structure, and an increase in stamina for reading harder texts. It is also clear that the more you read the better you write.

So this summer, don't stop **READING!** We are asking that your child complete five activities on the Summer Reading Bingo game board. When returning for the new school year, please bring the attached game board and form documenting the books your child read. Also, your child will need to be ready to take an **AR** on one of the books they chose to read. I would suggest that your child choose one of the last books they read to be the one that they take an **AR** on. This will help them to more easily recall the story's events.

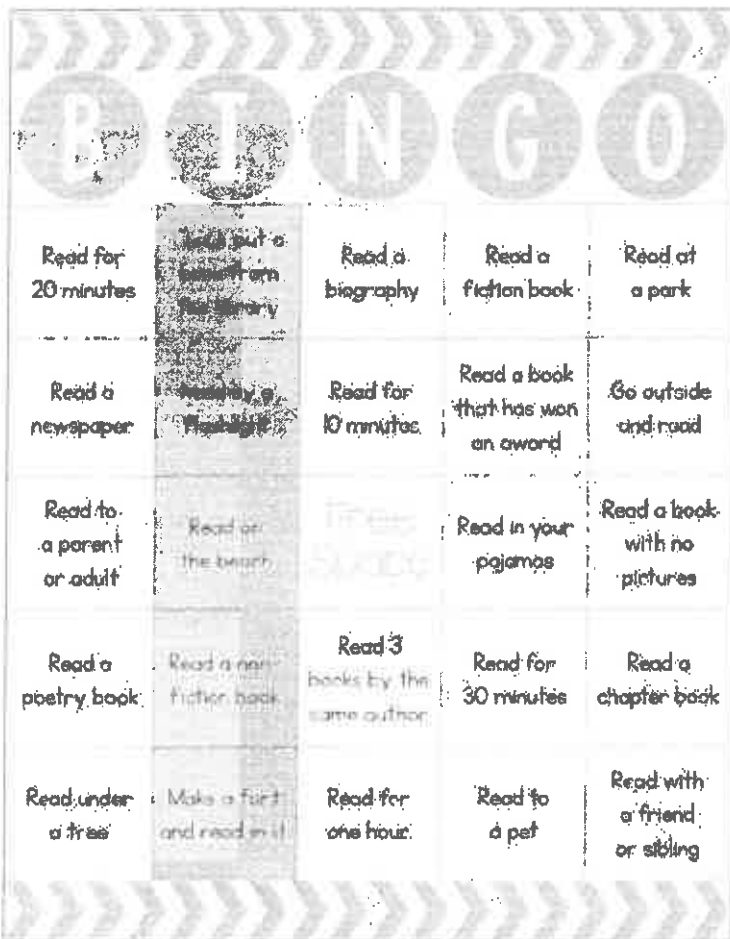

Thank you,
